JOY BRINGERS

Dear partner

July 2011

## IT'S A NEW DAWN

As we move into our sixth year we want to say thank you to all that has supported and encouraged us in the past years as we seek to see the cycle of crime broken and transformation taking place in our communities.

Habakkuk 2:2 "Write the vision and make it plain on tablets, that the one who reads it may run". We have taken the past few months relooking the vision and restructuring Joy bringers for effectiveness. Praise God for all that has enabled us to go through these times. It is clear to us that the vision is - *breaking the cycle of crime and transform individuals in our communities into responsible citizens.*

Our mission: to transform, rehabilitate and reintegrate offenders into our communities as responsible citizens. Our heart is to work in three areas; correctional centres; communities where the inmates come from and the corporate society. We believe this 3C's partnership will lead to our nation being a safer and peaceful place.

Learners from the Cosmo City Secondary School receive Anger Management training.

It's a new dawn, lets rise up and run with what the Lord has shown to us. Everything is possible! Let's go for it!

**To date:** we have completed the following trainings for 2011:

February: 1 week Anger Management training- JHB Correctional Facility (Female Section)

March: 1 week Anger Management training - Leeuwkop Correctional Facility

April: 1 week Emotional Healing training - JHB Correctional Facility

May: 1 week Anger Management training - Cosmo City Secondary School

A team from **YWAM** (US of America) also visited South Africa in June to minister to the offenders of the various correctional facilities.

Ladies from the Sun City Correctional facility boasting their certificates for completing the Anger Management training.

**Upcoming:** We are in the process of being approved to expand to the Boksburg Correctional facility and should start with trainings there in July. Other **Planned Training Interventions** also include Anger Management Training for officials and juveniles at the Leeuwkop facility. And Emotional Wellness training for the female offenders in the Johannesburg Correctional Facility.

Thankyou for playing your part in the fight against crime.

Be blessed as we press on in 2011.

Kind regards

Dr Gabriel Francis
